2015 Medical Plan Comparison Chart for Retirees and Surviving Dependents Non-Medicare-Eligible Members

The information in this chart is intended as a high-level summary of prescription drug benefits for non-Medicare-eligible plan members.

Network Access Plan (NAP), Comprehensive Access Plan (CAP) and Retiree Optional Plan (ROP)

Express Scripts administers prescription drug benefits for the NAP, CAP and ROP:

- The ROP has an annual deductible that is separate from your medical plan deductible. In addition, for all Anthem-administered plans, your prescription drug annual out-of-pocket maximums are separate from your medical plan out-of-pocket maximums.
- Some drugs may require special authorization from Express Scripts. If you have questions, contact Express Scripts by calling the member services number listed on your Express Scripts ID card or visit www.express-scripts.com.

Blue Shield, Health Net and Kaiser Permanente

These plans provide retail and mail-order prescription drug coverage for their members, not Express Scripts. For specific information about your plan's drug coverage, contact your plan directly.

If you're enrolled in the NAP or CAP, your MHSA benefits are administered by ValueOptions. If you're enrolled in the ROP, your MHSA benefits are administered by Anthem Blue Cross. If you're enrolled in Blue Shield, Health Net or Kaiser Permanente, your MHSA benefits are administered by both your plan and by ValueOptions, depending on the type of care you receive.

When care is provided by ValueOptions:

- All inpatient and alternative levels of care must be medically necessary.
- Care that is not medically necessary will not be covered.
