*Eligible Expenses are: (1) expenses for Covered Health Services that are covered by the plan; (2) those that Anthem Blue Cross considers "Medically Necessary" for the diagnosis or treatment of an illness or injury; and (3) those that do not exceed the "Reasonable and Customary" rate as determined by Anthem Blue Cross. Any costs not meeting this definition are the responsibility of the member. Call Anthem Blue Cross Member Services for more information.

Prescription Drug Benefits

The information in this chart is intended as a high-level summary of prescription drug benefits for non-Medicare-eligible plan members.

Network Access Plan (NAP), Comprehensive Access Plan (CAP) and Retiree Optional Plan (ROP)

Medco Health administers prescription drug benefits for the NAP, CAP and ROP:

- The ROP has an annual deductible that is separate from your medical plan deductible. In addition, for all Medco-administered plans, your prescription drug out-of-pocket maximums are separate from your medical plan out-of-pocket maximums.
- Some drugs may require special authorization from Medco Health to ensure that they are medically necessary and used appropriately as determined by the FDA and manufacturer.
- Manufacturer rebates are earned when participants purchase certain prescription drugs. The value of these rebates is based on the contract that Pacific Gas and Electric Company, as plan sponsor, has with Medco Health. These rebates are received from Medco Health approximately six months after the end of the contract quarter in which the drug was purchased and are deposited back to the appropriate trust holding your plan's assets. The cost of the plan is reduced by the value of the rebates, which in turn reduces participants' contributions.

For specific information about Medco Health prescription drug coverage, call Medco Health's Member Services department directly, or visit its Web site at www.medcohealth.com.

Health Maintenance Organizations (HMOs)

The HMOs provide retail and mail-order prescription drug coverage for their members, not Medco Health. For specific information about your HMO drug coverage, contact your HMO directly (contact information is listed on page 28 of the Guide).

*Generic Incentive Provision (NAP and CAP): If you purchase a brand-name drug when a generic is available, you'll be responsible for paying the price difference plus any required coinsurance. Note: Any generic/brand price differential you pay is a non-covered expense and therefore does not count toward your annual out-of-pocket maximum. Drugs listed on Medco Health's "Narrow Therapeutic List" will be excluded from this mandatory generic provision.

Mental Health and Alcohol and Drug Care (MH&AD) Benefits

The following chart provides an overview of mental health, alcohol and drug care (MH&AD) benefits for non-Medicare-eligible plan members. Your mental health, alcohol and drug care benefits are administered by ValueOptions if you are enrolled in NAP or CAP, or if you are enrolled in a HMO, they are administered both by your HMO and by ValueOptions, depending on the type of care you receive.

When care is provided by ValueOptions:

- Pre-authorization is required for inpatient and hospital stays; you must obtain it within 48 hours of the start of treatment. Care that is not authorized by ValueOptions within 48 hours but that is medically necessary is subject to a \$300 pre-authorization penalty. Care that is not medically necessary will not be covered.

* **Generic Incentive Provision (CAP and MSP):** If you purchase a brand-name drug when a generic is available, you'll be responsible for paying the price difference plus any required coinsurance. Note: Any generic/brand price differential you pay is a non-covered expense and therefore does not count toward your annual out-of-pocket maximum. Drugs listed on Medco Health's "Narrow Therapeutic List" will be excluded from this mandatory generic provision.

Mental Health and Alcohol and Drug Care (MH&AD) Benefits

The following chart provides an overview of mental health, alcohol and drug care (MH&AD) benefits for Medicare-eligible plan members. Your mental health, alcohol and drug care benefits are administered by ValueOptions if you are enrolled in CAP. If you are enrolled in a HMO, your mental health, alcohol and drug care benefits are administered both by your HMO and by ValueOptions, depending on the type of care you receive.

When care is provided by **ValueOptions:**

- Pre-authorization is required for inpatient and hospital stays; you must obtain it within 48 hours of the start of treatment. Care that is not authorized by ValueOptions within 48 hours but that is medically necessary is subject to a \$300 pre-authorization penalty. Care that is not medically necessary will not be covered.
