

Benefit Implications

For Employees Transitioning from Full-time to Part-time

We understand that sometimes your work schedule may need to change to accommodate personal obligations. As a PG&E employee, your manager may grant you the option to change from a full-time schedule to part-time. However, some of your benefits may be impacted by reducing your hours to a part-time schedule. See the grid below for details on benefit implications if you're considering transitioning from full- to part-time.

If you have any questions about this grid, contact the HR Help Line at 415-973-4357. Representatives are available to assist you Monday–Friday, 7:30 a.m.–5 p.m.
